

Greetings,

The Stutsman County Weed Board wants to remind Stutsman County landowners of the Cost Share programs availability to help with the control of noxious weeds on your non-CRP and Cropland such as **pastures** and **untillable acreages**.

Cost Share for Weed Control in Stutsman County

2022 Stutsman County Noxious Weed Cost Share Program. The Stutsman County Weed Board has appropriated \$60,000 in cost share money for **any** noxious weeds sprayed on individual landowner's property in Stutsman County.

Last year **cost share money returned** to landowners was \$16.00 per acre; those numbers were based on total acres submitted to the program. The limits per producer for non-crop land spraying will be \$3,000.00.

This money will be available for those controlling all North Dakota State Noxious Weeds. Included are weeds commonly found in Stutsman County: **Leafy Spurge, Canada Thistle, Absinth Wormwood, Musk Thistle, Spotted and Diffuse Knapweed, Yellow Toadflax and Houndstongue** (notify me **immediately** if you have any of the underlined weeds on your property).

*******We do not provide cost share for CRP or cropland.*******

All **Cost Share** forms must be returned to our office by **November 8th, 2022.** If you need forms, you can stop by my office at **914 5th St SE.** (In the same building as the **NDSU Extension**), or you may also go to the Stutsman County web site at **StutsmanCounty.com** then under **Departments** go to **Weed Board** and print out the application for **Cost share**. You must provide a copy of your **chemical receipts and a map** showing the location of the noxious weeds you have treated, or a custom applicators billing and spray records.

Thank you,

Ron Manson, WCO (701) 320-4512

**Noxious Weeds
Cost Share Application
Due by November 8th, 2022**
