Steve Thompson, Interstate Engineering, reported that the Highway 67 grade raise one mile south of Cleveland was completed. The grade raise would be paved in 2009.

Dr. Robert Badal, Board Chairman Jamestown Chamber, requested reconsideration by the Commission to change the name of the Jamestown Reservoir to "Lake Louis L'Amour. He presented letters of support from local businesses. The name change, the proposed interpretive center, and the Jamestown College's extensive Louis L'Amour book collection would enhance tourism. Dr. Badal requested Board action now because Mrs. L'Amour's permission to use the name would expire March of 2008.

Jerry Baenen, representing the Louis L'Amour Heritage Foundation, Inc. Board of Directors, indicated that the Foundation would serve as the vehicle for accepting, maintaining, purchasing or building the interpretive center and that everything was in place.

Commissioner Klose questioned whether or not the Chamber Board had contacted the Dakota Anglers to address their concerns over the name change. The Dakota Anglers had always been a revenue resource for the Park Board whenever matching grant funds or other funds were needed for capital projects. Dr. Badal indicated that the Board had lunch with members of the Dakota Anglers Board and they basically agreed to disagree on the name change. Each party respected that other's opinion, but there was no consensus for the name change.

Other issues were discussed including the rock at the Reservoir that had a dedication plaque to former Senator Milton R Young for his assistance when the dam at the Reservoir was initially constructed.

Dr. Badal indicated that the name change required an act of Congress. Senator Dorgan would not move forward on the legislation without some form of action by the Commission - for, against or no position on the name change request.

The request was tabled until the next Commission meeting, January 8, 2008.

Jan Thompson, County Treasurer, informed the Commission of the State income tax refund program as passed by the last legislative session. State income tax payers would receive a refund of 10% of their paid 2006 property taxes up to a maximum of \$500 for single and \$1,000 for taxpayers that file a joint income tax return. The income tax program was handled by the State Tax Department, but forms were available from the County. Ms. Thompson indicated that the County was now accepting automatic payments similar to escrow accounts to assist taxpayers with periodic withdrawals for paying their past or prospective property taxes. County residents could also pay their taxes on line with a credit card.

Commissioner Marks presented a proposed long range County road plan that was developed by Marks, Commissioner Kaiser, Road Superintendent Zimmerman and City Councilman John Grabinger. The five-year road plan would involve road improvements or repairs ranging from paving to recycling roads over the next five years at a proposed cost of \$18 million. The plan proposed a 1% County wide sales tax that would be used for debt service on a \$14.6 million bond, and a 30 mill increase in property taxes on agricultural property. The current tax of \$0.15 per acre on ag land would be raised an average of \$0.42 per acre. The tax increases would be on either the 2008 primary or 2008 general election for voter approval.

Johnson recommended seeking an attorney opinion on whether or not State law allows the County Home Rule Charter the authority to raise the mill levy on a single class of property. Ova made a motion that was seconded by Kaiser to request an opinion on whether or not the law would allow increasing the taxes on only one class of property. Motion carried.

Jerry Bergquist, 9-1-1 Coordinator/Emergency Manager, requested permission to purchase dispatch software that would communicate with mobile data terminals that were being purchased by the Sheriff's

Department for installation in their patrol vehicles. Kaiser made a motion that was seconded by Ova to allow the \$6,300 purchase of the "Insight" programs. Roll call vote - Ova, Marks, Kaiser, Neys and Klose voted aye.

Johnson informed the Commission of the \$10,000 donation made by the South Dakota Wheat Growers. The annual donation was made in connection with a property tax exemption that was granted for their bulk fertilizer facility located in Eldridge. A motion was made by Neys and seconded by Kaiser to place the funds in the General Fund Sub-Account. Motion carried.

A motion to adjourn was made by Marks and seconded by Kaiser. At 9:36 a.m. the December 18, 2007 Stutsman County Commission meeting was adjourned.
